J. Restriction on Access to /Exit from Car Parks

All car parks within the road closure areas may be temporarily closed by the Police at short notice if necessary. In addition, vehicles in car parks within the road closure areas may not be permitted to enter or leave the car parks during the road closure period until road closure is lifted.

K. Removal of Illegally Parked Vehicles

Strict enforcements will be taken by the Police in the above affected areas, including multiple ticketing and towing of illegally parked vehicles, without prior notice.

Attention and Appeal

Appropriate traffic signs will be erected to guide motorists. The public transport operators will display notices to advise passengers of the above temporary arrangements.

Due to extensive road closure in the above affected areas, the Transport Department anticipates that the affected areas and the major roads in the vicinity, such as Gloucester Road, Victoria Park Road, Tonnochy Road, Fleming Road, Canal Road flyover, Harcourt Road, Connaught Road Central, Cross Harbour Tunnel and Aberdeen Tunnel will become significantly congested.

In addition, most of the on-street parking spaces in the vicinity of Wan Chai will be suspended. Motorists are advised to avoid driving to the affected or congested areas, especially in the vicinity of Wan Chai, unless necessary. In case of road closure and traffic diversion, motorists should follow the instruction of the Police on site and the guidance of road signs, and stay alert to the latest traffic news through the media.

Other ad-hoc traffic and public transport measures, including adjusting the extent of road closure, traffic diversion, alteration and suspension of public transport services may be implemented by the Police in short notices depending on the actual traffic and crowd conditions. Taxi and public light bus drivers who will go to Wan Chai North for refilling are advised to take note of the road closure arrangements implemented in the areas.

Members of the public are advised to use public transport services as far as possible, in particular railway services. Early planning of journeys and use of alternative travelling routes are advised to avoid unexpected delay. Public transport commuters are advised to pay attention to the arrangements of route diversions and suspension or relocation of stops.

For details of the special traffic and transport arrangements, members of the public can call 1823 for enquiries or browse through Transport Department website www.td.gov.hk.
