- (vii) Hung Cheung Road; and
- (viii) Within the precinct of the special traffic arrangements implemented as specified above.

### **V. ATTENTION AND APPEAL**

Appropriate traffic signs and traffic aids will be erected at the concerned locations to guide motorists.

The Transport Department (TD) anticipates that the traffic in the affected areas and the major roads in the vicinity (such as Tuen Mun Road, Castle Peak Road – Tai Lam, Castle Peak Road – So Kwun Wat

Castel Peak Road – Castle Peak Bay, Pui To Road, Hoi Wong Road, Hoi Wing Road and roads in the Tuen Mun town centre) will be more significantly congested when compared with normal Sundays. Motorists are advised not to drive to the above affected / congested areas unless really necessary and should exercise tolerance and patience in case of traffic congestion and take heed of instructions given by the Police.

Notices will be put up by bus companies and GMB operators to advise passengers of the above temporary transport arrangements. During the road closures, the public transport services may become unstable. Passengers are advised to pay particular attention to the route diversions. Members of the public are advised to plan their journey early, use alternate routes and allow more travelling time to cater for unexpected delay.

Depending on the prevailing circumstances, other ad-hoc traffic and public transport measures, including further closures of roads, traffic diversions, alterations and suspension of the public transport services, may be introduced by the Police at short notice. Members of the public are advised to watch out for the latest traffic news on the media. For details of the special traffic and transport information, members of the public can also call 1823, browse the website of TD at [www.td.gov.hk](http://www.td.gov.hk) or make use of the “e Traffic News” mobile application of TD.
