(G) Attention and Appeal

Appropriate traffic aids will be erected to guide motorists and notices will be displayed by public transport operators to advise passengers of the temporary transport arrangements.

Members of the public should pay particular attention to the road closures and public transport arrangements at the Lantau Link, Ting Kau Bridge, Stonecutters Bridge, Eagle's Nest Tunnel, Kowloon West, Tsim Sha Tsui and East Tsim Sha Tsui on 8 October 2017 (Sunday). The Transport Department anticipates that the traffic in the Kowloon bound Lantau Link, Tsim Sha Tsui bound Ferry Street as well as Canton Road in sections south of Jordan Road and in the vicinity of Harbour City will be very congested on that day. Motorists are advised not to drive to the affected / congested areas unless really necessary and should exercise tolerance and patience in case of traffic congestion and follow instructions given by the Police. Members of the public are advised to plan their routes early, use alternate routes and allow more travelling time to cater for unexpected delay. Bus and other public transport commuters are advised to pay particular attention to the arrangements of route diversions and suspension / relocation of stops.

Tourists going to the Ocean Terminal, China Ferry Terminal (China Hong Kong City) or Kowloon MTR Station are advised to plan their journey early to avoid any delay caused by road closures and traffic diversions.

On the event day, the Lantau Link upper deck for Kowloon bound will be temporarily closed, journey time of bus services (including "A" and "E" routes) from Airport/North Lantau to Urban/New Territories Areas will be increased, then it may affect the stability of the bus services from Urban/New Territories Areas back to Airport/North Lantau. Passengers should allow more travelling time for their journey to / from Airport/North Lantau and Urban/New Territories.

Services of MTR will not be affected by the event and passenger may consider to use non-road based public transport means.

Except the shuttle bus services arranged by the event organiser (users have to pre-register at the event organiser), there will not be any special bus / MTR service on the event day.

Depending on the prevailing circumstances, other ad-hoc traffic and public transport measures, including further closures of roads, traffic diversion, alterations and suspension of public transport services, may be introduced by the Police at short notice. Members of the public are advised to watch out for the latest traffic news on radio and television.
