III. REMOVAL OF ILLEGALLY PARKED VEHICLES

Motorists are advised that strict enforcements will be taken by the Police, including multiple ticketing and towing of vehicles found illegally parked within the precinct of the special traffic arrangements specified above, without prior notice.

IV. ATTENTION AND APPEAL

Appropriate traffic aids and signs will be provided to guide motorists. Public transport operators will also display notices to advise passengers of the above temporary

arrangements. Actual implementation of and adjustments to road closures, traffic control and public transport diversions will be made by the Police at the time depending on conditions in the areas.

Members of the public who intend to go to the affected areas are advised to use public transport services as far as possible, plan their journey early and allow more travelling time to cater for unexpected delay. Members of the public are advised to avoid driving to the affected areas. Motorists should exercise tolerance and patience in cases of traffic congestion, observe the instructions given by the Police; and watch out for the latest traffic news through media.

To boost the turnover rate of on-street parking spaces, motorists are advised to avoid long-term parking at designated parking spaces during Lunar New Year holidays. Moreover, motorists are further advised to pay parking fees for all vehicles parking at metered parking spaces on-street unless the vehicles are parked at designated parking spaces which are not charged on Sundays and public holidays.

For the latest special traffic and transport information, the members of the public can contact 1823 Call Centre or browse Transport Department website:
