Notes: (1) This table includes Transport Department multi-storey car parks only. Other Government non multi-storey car parks are excluded from the table. Besides, this table covers parking statistics in respect of private cars and vans.

Middle Road Car Park ceased operation on 1 July 2014.

Utilization rate is a ratio between the space-hours taken up by vehicles in a car park during its operating period (24 hours each day) in a month and the total space-hours available in the car park during the period.

The operation of some Car Parks was affected due to blockade of surrounding roads.
