Motorists are advised not to drive to the above affected / congested areas unless really necessary and should exercise tolerance and patience in case of traffic congestion and follow instructions given by the Police.

Members of the public are advised to plan their routes early, use railway services as far as possible and allow more travelling time to cater for unexpected delay. Bus and other public transport commuters are advised to pay attention to the arrangements of route diversions and suspension / relocation of stops.

Taxi and public light bus drivers who will go to Wan Chai North for refilling are advised to take note of the road closure arrangements implemented in the area.

Depending on the prevailing circumstances, other ad-hoc traffic and public transport measures, including further closures of roads, traffic diversion, alterations and suspension of public transport services, may be introduced by the Police at short notice. Members of the public are advised to watch out for the latest traffic news on radio and television.

For details of the race, members of the public can browse the website of Hong Kong Amateur Athletic Association at https://hkaaa.com/en/comp_details.php?id=130.
