Appropriate traffic signs will be erected to guide motorists. Notices will also be displayed by public transport operators to advise passengers of the above temporary public transport arrangements. Adjustment of the above road closures and traffic diversions, or other ad-hoc traffic and public transport measures, including further closures of roads, traffic diversions, alterations and suspension of public transport services, will be implemented by the Police depending on the crowd and traffic condition in the areas.

As road closure and traffic diversion will be implemented at different times in various districts, members of the public are advised to avoid driving to the affected areas. Members of the public who intend to go to the affected areas are advised to use public transport services as far as possible, plan their journey early and allow more traveling time to cater for unexpected delay. Bus and green minibus passengers are also advised to pay attention to the route diversions and temporary stop arrangements.

Members of the public are advised to watch out for the latest traffic news through radio and television broadcasts. For the details of the special traffic and transport arrangements, members of the public may browse Transport Department website at www.td.gov.hk or make use of the "HKeMobility" mobile application of Transport Department.
