### **III. Temporary Closure of Footbridges**

The footbridges along the torch relay route will be temporarily closed by the Police during the torch relay. Members of the public will not be permitted access to these footbridges until they are re-opened.

### **IX. Attention and Appeal**

Appropriate traffic signs will be erected to guide motorists. Notices will also be displayed by public transport operators to advise passengers of the above temporary public transport arrangements. Adjustment of the above road closures and traffic diversions, or other ad-hoc traffic and public transport measures, including further closures of roads, traffic diversions, alterations and suspension of public transport services, will be implemented by the Police depending on the prevailing circumstances,. The Transport Department would like to appeal to the public for their cooperation with the frontline police officers on site as well as understanding and support for all the arrangements made.

As road closures and traffic diversions will be implemented, members of the public are advised to avoid driving to the affected areas. In case of traffic congestion, motorists should exercise tolerance and patience, and follow the instructions of the Police. Any vehicle found illegally parked within the precinct of the special traffic arrangements as specified above might be towed away by the Police without prior notice.

Members of the public who intend to go to the affected areas are advised to use railway services as far as possible, plan their journey early and allow more traveling time to cater for unexpected delay. Bus and GMB passengers are also advised to pay attention to the route diversions and temporary stop arrangements.

Members of the public are advised to watch out for the latest traffic news through radio and television broadcasts. For the details of the special traffic and transport arrangements, members of the public may browse Transport Department website at [www.td.gov.hk](http://www.td.gov.hk) or make use of the "HKeMobility" mobile application of Transport Department.
