III. Attention and Appeal

Appropriate traffic signs and aids will be erected to guide motorists, and notices will be displayed by public transport operators to advise passengers of the above temporary arrangements. Implementation of the above road closures and traffic diversions will be adjusted by the Police at the time depending on traffic and crowd condition in the areas. Depending on the prevailing circumstances, other ad-hoc traffic and public transport measures, including further closures of roads, traffic diversions, alterations and suspension of public transport services, may be implemented by the Transport Department and the Police at short notice.

As the road closures and traffic diversions will be implemented at different times in various districts, members of the public are advised to avoid driving to the affected areas. Motorists should exercise tolerance and patience in case of traffic congestion and follow the instructions of the Police. Any vehicles found illegally parked within the precincts of the special traffic arrangements specified above will be towed away or ticketed by the Police without prior notice.

Members of the public who intend to go to the affected areas are advised to use public transport services as far as possible, plan their journey early and allow more traveling time to cater for unexpected delay. Bus passengers and other public transport commuters are advised to pay attention to the arrangements of route diversions and suspension/relocation of stops.

Members of the public are advised to watch out for the latest traffic news through radio and television broadcasts. For the details of the special traffic and transport information, members of the public may call 1823 Call Centre or browse Transport Department website at www.td.gov.hk. Transport Department has also launched the "HKeMobility" mobile applications for disseminating the latest traffic news. Please download from Google Play or App Store.
