Removal of Illegally Parked Vehicles

Motorists are advised that strict enforcements will be taken by the Police, including multiple ticketing and towing of vehicles found illegally parked within the precinct of the special traffic arrangements specified above, without prior notice.

Attention and Appeal

Appropriate traffic signs will be erected to guide motorists. Public transport operators will also display notices to advise passengers of the above temporary arrangements. Other ad-hoc traffic and public transport measures, including additional road closures, traffic diversions, alteration and suspension of public transport services may be implemented by the Police depending on actual traffic and crowd conditions in the areas.

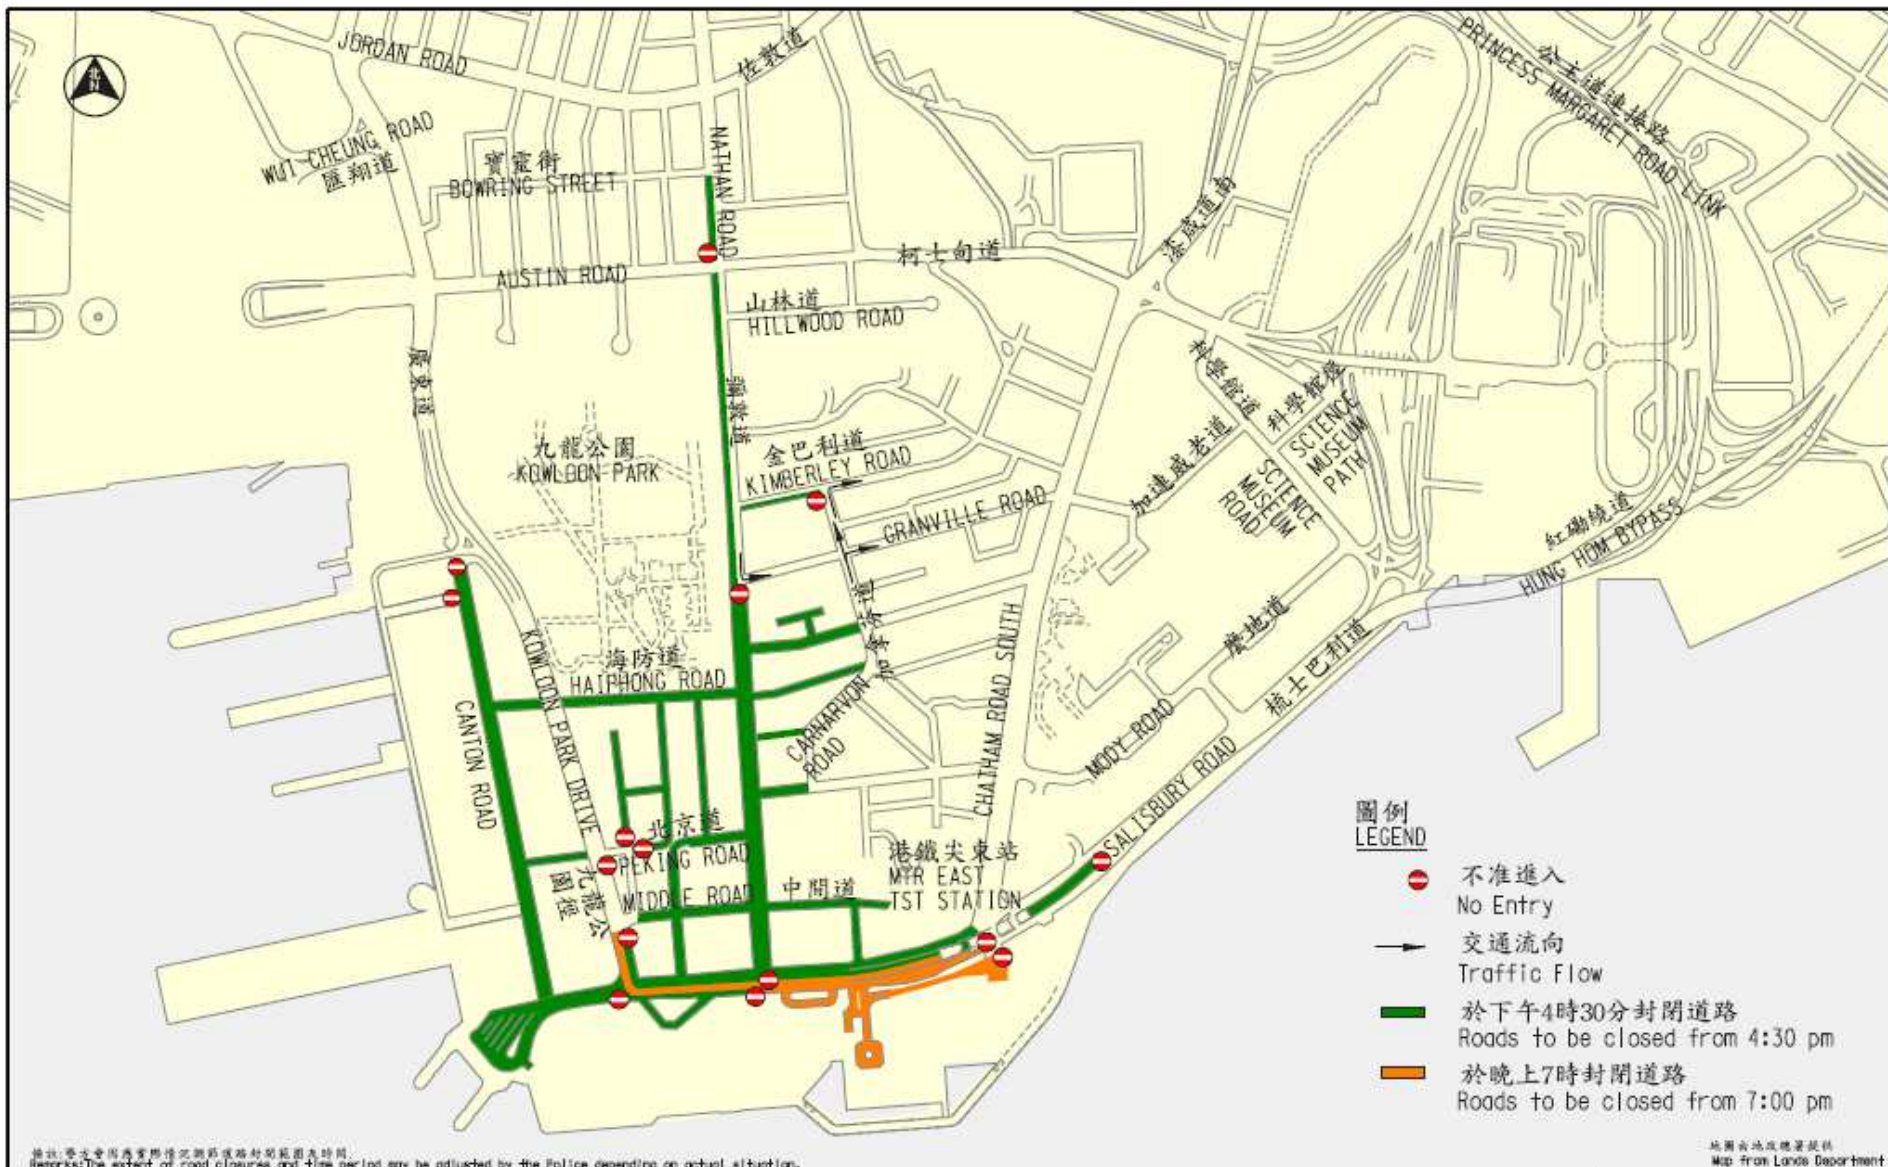

In order to ensure adequate supply of on-street parking spaces and to avoid prolonged parking, motorists are advised to pay parking fees for all vehicles parked at on-street metered parking spaces during Lunar New Year holidays, except vehicles parked at designated parking spaces which are not charged on Sundays and public holidays.

Due to extensive road closure, the Transport Department (TD) anticipates that the traffic in the vicinity of the affected areas would be significantly congested. Members of the public who intend to go to the affected areas are advised to use public transport services as far as possible, particularly the railway services, plan their journey early and allow more traveling time to cater for unexpected delay.

Members of the public are advised to avoid driving to the affected areas. Motorists should exercise tolerance and patience in case of traffic congestion, observe the instruction given by the Police; and watch out for the latest traffic news through media.

For the details of the special traffic and transport information, members of the public may call 1823 Call Centre, browse TD's website at www.td.gov.hk or make use the "eTraffic News" mobile application of TD.
