IV. Cross-Harbour Tunnel Area Plan

The plan numbered KM11025 dated 23 July 2023 delineating the boundaries of the Cross-Harbour Tunnel toll area and the tunnel area will be deposited in the Land Registry starting from 24 July 2023 to supersede the existing plan numbered HKM6163 dated 24 August 1999, which was deposited in the Land Registry on 27 August 1999.

V. Attention and Appeal

Members of the public should pay particular attention to the temporary road closures and traffic arrangements on that day. The traffic in Cross-Harbour Tunnel and its vicinity on that day is expected to be very congested. Members of the public should

use public transport for travelling to/from Kowloon and Hong Kong. Motorists should follow the instructions of on-site staff, allow sufficient travelling time, consider using alternative routes and exercise tolerance and patience. During the full closure of Cross-Harbour Tunnel, taxi passengers traveling between Kowloon and Hong Kong via Cross-Harbour Tunnel are advised to use other harbour crossings.

Appropriate traffic signs and traffic aids will be erected to guide motorists. Notices will be displayed by public transport operators to advise passengers of the above temporary traffic and transport arrangements.
