

New Transport Network to Serve Hong Kong Island West Conveniently

Reporter: With the extension of MTR Island Line to Western District,

Super: Island Line is extended to Western District on 28 December

Reporter: Feeder services have been arranged.

Let's see what the people think.

Man: The feeder bus and green minibus services connecting the new railway have been strengthened

Foreigner: It's so convenient!

Girl: I took a booklet to learn more about the public transport services as well as the new transport facilities in the vicinity of the new railway.

Elderly: The public transport operators will also inform the passengers!

Reporter: Please pay attention to the latest arrangements of the Transport Department and public transport operators!

Super: Island Line is extended to Western District

Pay attention to public transport arrangements
