

Recall Detail

Ref No	10000709
Manufacturer	ASTON MARTIN
Vehicle Class	PRIVATE CAR
Model/Type	V8 Vantage, V8 Vantage S (with 7-speed SportShift II)
Dealer (phone no)	MF Jebsen Automotive Limited (2234 0562)
Subject	Transmission Software Update
Progress	Running
Affected Vehicle Identification Number (VIN)	List as below:
Description of Defect, how it came to light, and possible consequences if ignored.	As part of a 2012 software update, the stored adjustment settings for the clutch were not deleted and re-taught. These stored settings are incompatible with the updated software and can result in incorrect operation in certain circumstances. In the vehicles affected by the incorrect transmission software update, the clutch can become incorrectly adjusted which may cause the transmission to go into neutral without warning to the driver, resulting in a loss of drive. In this case, the driver will be unable to maintain or increase speed unless they select a gear manually. The steering and brakes remain fully functional at all times but there is an increased risk of a crash.
Remedial Action	We will update the transmission software and do the clutch self-learn process. If necessary, the vehicle clutch system will be repaired or replaced, at no cost to you.
Build Dates	Manufactured from Jul 2010 – Aug 2012
Launch Date	14 July 2017
Tentative Date of Recall Completion	April 2018
