Recall Detail

Ref No	**10001065**
Manufacturer	UD Truck
Vehicle Class	Truck
Model/Type	Quon , Euro6
Dealer (phone no)	International Automobiles Limited (3713 1788)
Subject	Inter axle propeller shaft, Check
Progress	**Completed**
Affected Vehicle Identification Number (VIN)	List as below:
Description of Defect, how it came to light, and possible consequences if ignored.	Due to the inappropriate axial play adjustment in supplier process and main seal's lower sealing performance, pumping function is generated on bearing cup by moving across the shaft. As a consequence, mud water/contamination are sacked in the bearing cup of universal joint. Thus, initially, abnormal noise or vibration may occur. Then, universal joint in propeller shaft may be damaged. In a worst-case scenario, propeller shaft may drop off if vehicles are kept in operation under these conditions.
Remedial Action	UD requires that all vehicles identified in this document shall be recalled, inspected and rectified immediately.
Build Dates	2019
Launch Date	27 Apr 2022
Tentative Date of Recall Completion	Until finished
