

Notice

Application for allowing the height excess of requirement for single-decked bus

- (1) **With effect from 26 July 2010**, the vehicle owner can make application to Vehicle Safety and Standards Division for allowing the maximum height, up to 4.0 metres, for single-decked bus individually.
- (2) Before making the application, the applicant shall make sure, with the bus manufacturer, that the bus: -
 - (a) of which the gross vehicle weight (GVW) will not exceed the requirement stated in the regulation, i.e. the maximum GVW of two axle bus is 16 tonnes; and
 - (b) shall pass the tilt test stipulated in the regulation, i.e. 35 degrees for single-decked bus.
- (3) Applicant can submit the individual application letter at ToKwaWan vehicle examination centre with the following documents:-
 - (i) bus model;
 - (ii) bus manufacturers; and
 - (iii) chassis number of the bus.
- (4) The applicant will be informed in writing after the bus model passed the Type Approval if success.
