- (1) The Transport Department has implemented the Revised First Registration Vehicle Status with effect from 02.01.2019. Descriptions of respective "vehicle status" are as follows:-
 - A prior to importation into Hong Kong for sale, the vehicle has either never been registered outside Hong Kong, or was registered outside Hong Kong but in a manner that the vehicle was not permitted to be used on roads, with documentary proof.
 - B prior to importation into Hong Kong for sale, the vehicle has never been registered outside Hong Kong as declared by the vehicle importer.
 - C1 the vehicle has been registered outside Hong Kong prior to importation to Hong Kong for sale. The length of the period of such registration is shorter than 15 days as proved by supporting documents.
 - C2 the vehicle has been registered outside Hong Kong prior to importation to Hong Kong for sale, other than vehicles categorised as C1.

Others – the vehicle was imported by the registered owner into Hong Kong for own use, or was assembled in Hong Kong with specified additions to the imported chassis / cab and chassis, or was acquired through auction from the Hong Kong SAR Government.

The Transport Department wishes to reiterate that the revised "vehicle status" serves with the purpose to provide factual description on the vehicles upon first registration prior to importation to Hong Kong but does not indicate nor imply the condition of use of the vehicle or its level of wear-and-tear.
