

GMB Real-time Arrival Information at your fingertip

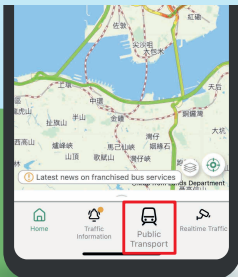

The Transport Department (TD) is launching the Green Minibus (GMB) Real-time Arrival Information System to facilitate passengers' trip planning. Passengers can check the estimated time of arrival of the next three GMBs through the updated version of TD's mobile application "HKeMobility" in just three steps.

After the test-launch of the System since 31 December 2020 on three Hong Kong Island GMB routes (Nos. 69, 69A and 69X), the TD has further extended to cover **75 GMB routes** in total starting from **25 March 2021**. The estimated time of arrival of the remaining GMB routes will be disseminated in phases, with a view to achieving full implementation in 2022.

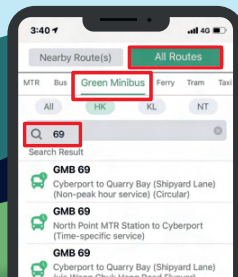

Step 1

Click "Public Transport" at the bottom

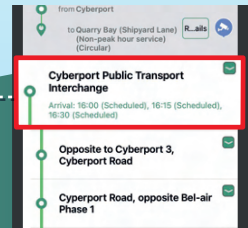

Step 2

Click "All routes" and "Green Minibus", input GMB Route number

Step 3

Choose among the GMB stops to show the estimated arrival time

Check the estimated arrival time of the next GMBs

Download the HKeMobility mobile application now to experience the new features.
