	Add the new requirements related to placing Mobile Telecommunications Devices (MTDs) during driving	While vehicle is in motion, you are prohibited from using mobile phone or any other telecommunication equipment or their accessories by holding it in your hand, or holding it between your head and shoulder. Even if you are not holding your mobile phone, you should also avoid using it (e.g. reading or texting) while driving. You will be distracted by the use of mobile phone and will not have proper control of your vehicle. If you wish to use mobile phone while driving, either stop in a safe place or ask a passenger for assistance. Drivers who have a real need to use mobile phone while driving must use hands-free device and are advised to keep the conversation	If Mobile Telecommunications Devices (MTDs) (i.e. mobile phones, tablet computers or laptop computers) are placed in front of a driver while driving, and their screen are visible to the driver, there must be no more than two such devices, and the diagonal length of each device's screen visible to driver must not exceed 19cm. However, this does not apply to the MTDs being used by passengers only. Moreover, the devices must not obstruct the driver's view of the road and traffic as well as any mirror, device or monitor unit fitted for road viewing. While vehicle is in motion, you are prohibited from using MTDs, any regulated telecommunications equipment or the accessories of the devices/ equipment by	p.50	Chapter 5 "For All Drivers" / Section "On the Road" / Paragraphs 8 and 9

		short. Also, if you use mobile phone or other equipment as a driving aid such as navigation device, you must still focus on road conditions and are advised to use audio guide.	holding it in your hand. You are also prohibited from holding a MTD between your head and shoulder. You should also avoid using MTDs for purposes not related to driving (e.g. watching video, reading or texting etc.) while driving. You will be distracted by the use of MTDs and will not have proper control of your vehicle. If you wish to use MTDs for the above-mentioned purposes while driving, stop in a safe place before using. Drivers who have a real need to use mobile phone while driving must use hands-free device and are advised to keep the conversation short. Also, if you use a MTD or other equipment as a driving aid such as navigation device, you must still focus on the road conditions and are advised to use the audio guide.
