

Figure 3.13

Accident involvement rates<sup>^</sup> of motor vehicle drivers by age group and selected class of motor vehicle 2025

(per 1 000 licensed drivers)

| Age group            | Selected class of motor vehicle |             |      |                  |            |                     |                               |                                 |
|----------------------|---------------------------------|-------------|------|------------------|------------|---------------------|-------------------------------|---------------------------------|
|                      | Motor cycle                     | Private car | Taxi | Public light bus | Public bus | Light goods vehicle | Medium & heavy goods vehicles | All motor vehicles <sup>#</sup> |
| 0 - 19               | 119.4                           | 5.2         | -    | -                | -          | 1.0                 | -                             | 12.1                            |
| 20 - 24              | 55.1                            | 7.7         | 68.6 | 0.0              | 64.4       | 2.8                 | 10.0                          | 15.9                            |
| 25 - 29              | 25.4                            | 7.4         | 53.0 | 2.9              | 38.0       | 2.4                 | 9.3                           | 13.0                            |
| 30 - 34              | 16.9                            | 6.7         | 46.7 | 0.7              | 27.6       | 2.9                 | 8.2                           | 11.5                            |
| 35 - 39              | 11.8                            | 5.6         | 42.6 | 2.7              | 17.5       | 2.8                 | 9.2                           | 10.2                            |
| 40 - 44              | 7.1                             | 5.2         | 36.8 | 2.6              | 16.8       | 2.5                 | 5.9                           | 9.9                             |
| 45 - 49              | 5.9                             | 4.2         | 37.1 | 3.5              | 13.4       | 2.2                 | 4.4                           | 9.3                             |
| 50 - 54              | 4.0                             | 3.5         | 29.5 | 2.7              | 16.3       | 1.9                 | 4.8                           | 8.5                             |
| 55 - 59              | 3.5                             | 3.3         | 22.6 | 3.7              | 15.8       | 1.9                 | 4.3                           | 9.3                             |
| 60 - 64              | 3.0                             | 2.6         | 19.5 | 4.2              | 10.3       | 1.4                 | 3.0                           | 9.3                             |
| 65 - 69              | 1.7                             | 2.4         | 15.9 | 5.2              | 5.3        | 1.0                 | 1.9                           | 9.3                             |
| ≥ 70                 | 1.0                             | 3.6         | 18.5 | 9.5              | 1.4        | 0.8                 | 0.6                           | 13.5                            |
| Overall <sup>+</sup> | 7.5                             | 4.6         | 23.9 | 4.9              | 12.9       | 2.0                 | 3.7                           | 10.3                            |

Notes : <sup>^</sup> Accident involvement rates refer to the number of drivers of a selected motor vehicle class involved in accidents per 1 000 licensed drivers of that vehicle class (based on driving entitlements as at 30.6.2025) in the same age group.

<sup>#</sup> Refer to the number of motor vehicle drivers involved in accidents per 1 000 licensed motor vehicle drivers (those with driving entitlements for multiple vehicle classes are counted once) as at 30.6.2025.

<sup>+</sup> Including those motor vehicle drivers with unknown age.
