車隊的士收費

預定行程

車隊持牌人可以為其車隊的士就預定行程自訂車費。自訂車費的形式有以下兩種：

- 在的士計程錶所示車費之外收取一筆（預先與乘客協定的）預約費用；或
- 在行程開始前與乘客協定的整筆車費。

就預定行程收取的費用，可視乎預約時的情況和乘客所要求的的士類別而調整，例如在繁忙時段或當乘客要求乘搭較豪華的士時，費用或會較高。

街頭截乘

在街頭截乘的行程，車隊的士須與一般的士一樣，按照同一個收費表（即第 374D 章附表 5 指明的收費率）。

Fare of Fleet Taxi

Pre-arranged Trips

Taxi fleet licensees can charge customised fare for pre-arranged trips of their fleet taxis. The customised fare can be in the two following forms:

- a booking fee (to be agreed with the hirer in advance) to be added on top of the metered fare; or
- a lump sum fare as agreed with the hirer before the journey starts. The fares for pre-arranged trips may vary depending on the circumstances at the time of booking and the types of taxis requested by the hirer, e.g. higher fares may be charged during peak hours or when the hirer requests for a more luxurious taxi.

Street-hailing Trips

For street-hailing trips, fleet taxis should charge according to the same fare schedule (i.e. the scale of fares specified in Schedule 5 to Cap. 374D as in the case of general taxis).

識別車隊的士

的士車隊持牌人可為其車隊的士設計車身及標記，並須獲運輸署批准。為方便乘客識別車隊的士及其營運範圍，所有車隊的士均須於車輛展示以下標記：

- 車隊的士識別牌：於車身的前方及後方位置展示。其底色須對應其許可的營運地區範圍（即**市區的士的識別牌為紅色**、**新界的士的識別牌為綠色**、**大嶼山的士的識別牌為藍色**）。
- 車隊的士證明書：於車輛前方擋風玻璃上展示。

Identification of Fleet Taxis

Taxi fleet licensees are allowed to design the livery and marking of their fleet taxis, subject to the approval by the Transport Department. For passengers' easy identification of fleet taxis and their operating areas, all fleet taxis are required to display the following mark:

- Fleet taxi plate: at the front and rear of the taxi bodies. Its background color shall correspond to the scope of the permitted operating area of the fleet taxi (i.e., **red for Urban taxis**, **green for New Territories taxis**, and **blue for Lantau taxis**).
- Fleet taxi certificate: at the windscreens of the taxis.
