

常見問答 Frequently Asked Questions

- 1 在「自助服務站」提交的申請資料，會否用作更新運輸署的紀錄？
Will the information submitted for application via Self-service Kiosk be used to update TD's record?

「自助服務站」旨在提供額外的途徑讓市民申請國際駕駛許可證。與其他申請途徑相同，申請人所提交的資料，包括地址和電子聯絡方式等，會在申請獲批後，用作更新申請人在運輸署以身份證明文件號碼登記的車輛牌照或駕駛執照的所有紀錄。

The self-service Kiosk aims to provide an additional means for the public to apply for IDP. Same as other application methods, information submitted by the applicant (including the address and ECM, etc.) will be used to update all records of vehicle licences or driving licences registered with TD using the same identity document number upon approval of the application.

- 2 除掃描紙本地址證明文件外，「自助服務站」的申請人是否有其他選項？
Except for scanning of the address proof in paper form, any other options for applicants using the Self-service Kiosk to submit application?

除即場掃描紙本地址證明外，申請人亦可使用「智方便」的地址資料功能（見註）提交地址證明。此外，我們亦會接納電子版本的有效地址證明文件。

註：用戶可使用儲存在「智方便填表通」內的電子賬單作地址證明。經「智方便」登入有關電子賬單供應機構（如電力公司、煤氣公司或水務署）的網上戶口後，選擇授權「智方便」取得並儲存戶口內最新一期的電子賬單便可使用此功能。

Apart from scanning the address proof by the Self-service Kiosk, applicants can use the "iAM Smart" Address Data Function (see Note) to submit the address proof. Besides, digital copy of the valid proof of address is accepted.

Note: Users can use their electronic bills saved in the "iAM Smart" "e-ME" profile as address proof. Login the online account of the relevant electronic bill providers (e.g. electricity and gas companies or Water Supplies Department) through "iAM Smart", users can then authorise "iAM Smart" to retrieve and store their latest electronic bill for use by this function.
